

Brian Stone, PhD

LICENSED PSYCHOLOGIST

I test students age 7-50. Testing starts at 10 AM. Testing takes 1½ - 2 hours. Parents fill out a short form & wait or return 11:30-ish when we finish. Then I need 1½ hours to score & prepare results. Parents, student & I go over the results that afternoon from about 1:00 to 2:00. Then I write a 7-11-page report (scores, explanations, recommendations) & email you a scanned pdf of the report that evening (same day service) & mail you a hardcopy of the report. Someday soon I will slow down & finish the report the next day (next day service).

Note: I do NOT test for Autism Spectrum Disorder.

Brian Stone, PhD

LICENSED PSYCHOLOGIST

COST = \$1750.00

Pay by Credit Card, Check (to Brian Stone) or Cash the day of the testing. \$50 discount for cash. Insurance is unlikely to pay, but I'll give you a receipt with insurance codes for YOU to file for reimbursement. I DON'T file insurance.
